Cathy Kelly**

The **NEW** Mantis Q40 - £2495

The revolutionary smart braille display with integrated QWERTY keyboard

The new Mantis Q40 is a unique, smart, all-in-one solution offering braille output and a QWERTY keyboard. As you type on Mantis Q40, the refreshable braille line

below the keyboard simultaneously provides braille output from your laptop, PC or Apple device. Switch easily between different devices (up to 5) or use the internal notetaking features of Mantis Q40.

Eye-Pal SOLO Was £1595 **NOW** *£1436

The quickest and easiest way to access printed text

There is no simpler way to read than with Eye-Pal SOLO. Simply place your letter, book, newspaper or magazine on the surface of Eye-Pal SOLO and within seconds it will start reading automatically. It really is that easy.

Giving back to the Community

In these extraordinary times when charities are finding it extremely difficult to rely on fundraising, we have decided to help out. HumanWare will donate £10 to a blind charity in your county for every purchase you make.
